THE POSITION

The Casual Primary Care Paramedic/Emergency Medical Technician (PCP/EMT) and Emergency Medical Responder (EMR) integrates skills and knowledge in the provision care during the delivery of Mobile Health Services including Emergency Medical Services and Community Paramedicine Services.

As part of the EMS team, the EMS practitioner will: Perform and document readiness checks of the ambulance and equipment, perform routine ambulance and equipment maintenance and cleaning tasks as needed, conduct and document weekly "deep clean" and inventory tasks, participate in required continuing education, contribute to the maintenance of a positive workplace climate by functioning as a leader and participative team member for the delivery of health services in the community and in the region, ensure the annual Provincial ambulance licensing requirements are met, accept and respond to dispatch information from the communications centre in an appropriate and efficient manner, act within the scope of practice guidelines while assessing and treating patients according to the Saskatchewan Ministry of Health protocols, when indicated, provide safe transportation to the appropriate Health Care Facility, ensure the safe transfer of care of patients by providing a verbal and written report to the staff at the receiving Health Care Facility, prepare and submit all required patient documentation in a timely manner, ensure that the ambulance is ready for the next response by cleaning and restocking supplies.

SELECTION

For the EMT/PCP level:

- ◆ Completion of a CMA accredited Pre-Hospital Care Program at the Primary Care Paramedic (PCP/EMT) level.
- ◆ Current registration with the Saskatchewan College of Paramedics at the PCP/EMT level.

For the EMR level:

- ◆ Completion of a Saskatchewan College of Paramedics approved Emergency Medical responder training program.
- ◆ Current registration with the Saskatchewan College of Paramedics at the EMR level.

For Both EMR and EMT/PCP:

- ◆ Minimum Class 4 Saskatchewan Motor Vehicle Operators License.
- ◆ Working knowledge of the legislation, protocols and scope of practice as applicable to EMS practitioners within the province of Saskatchewan.
- ◆ Understanding of the Ambulance Act, Paramedics Act, and Highway Traffic Act.
- ◆ The ability to work to the required scope of practice.
- ◆ Current CPR (BLS for HCP) certification
- ◆ Competent communication skills including the ability to read and write and to understand verbal and written instructions.
- ◆ Excellent interpersonal skills.
- ◆ Flexible and adaptable to a changing workload.
- ◆ Physically fit and able to perform duties
- ◆ Ability to work as part of a health care team.
- ◆ Adherence to the philosophy, vision, mission, strategies, policies and procedures of the Saskatoon Health Region.
- ◆ Demonstrate accountability, promptness, dependability, professionalism and honesty.
- ◆ Basic computer skills including Microsoft Office word processing and spreadsheets, email and Internet
- ◆ Good attendance required.

Patient, Resident, Client and Employee Safety is a critical aspect of quality healthcare. All staff are accountable for creating a culture of safety, working as a team, communicating effectively and responding to adverse events.
