

SASKATCHEWAN COLLEGE OF PARAMEDICS

Since 2008 SCoP has been protecting the public by regulating paramedics. In two short years the organization has made great strides in areas such as member registration, continuing medical education, professional conduct investigation and communication with members. Poised for success, SCoP is seeking a dynamic new leader to ensure the organization accomplishes its strategic goals.

Executive Director

Reporting directly to the College Council, the Executive Director is responsible for the day to day operations of the organization and for managing relationships with members and stakeholders. The Executive Director also serves as the College Registrar ensuring due diligence in the licensing of paramedics.

The ideal candidate has demonstrated management experience with proven budgeting, strategic planning, quality assurance and project management abilities. A self-motivated problem-solver, the ideal candidate can point to numerous examples of leadership, stakeholder relations and administrative skills producing tangible results. A working knowledge of professional regulation and of emergency medical services would be an asset.
