This module includes: Medications pertinent to scope of practice, King, LMA, Combi-tube airways, Intubation, IO, Chest decompression, External jugular vein cannulation, Cardioversion, Vagal Manoeuvres, Transcutaneous pacing, Pediatric IO infusion, Pediatric intubation, Pediatric cardioversion.

**Tuition: \$95**

**Date: September 18, 2011 9:00–12:00pm Regina**

**CRN: 02-859**

**Date: October 30, 2011 9:00–12:00pm**

**Saskatoon**

**CRN: 02-860**

**Paramedic Skills and Concepts: Media Studies  
(EMER 1631)  
(2.5 CME points per 1 hour)**

Participants can arrange to view video or DVD`s at either the Wascana or Kelsey campus libraries. SIAST will provide the participant a list of national occupational competencies that align to their practitioner level. The participant selects the media title they wish to view and has the titled approved by SIAST EHC faculty. The participant will complete a brief questionnaire answering questions about what they have learned.

Sample questions would include:

- a. Identify the learning outcomes for the presentation.
- b. Give examples of new information learned from the presentation and how this information may influence the delivery of your patient care.

**Note: Media titles have to remain on campus and cannot be signed out.**

**Tuition: \$50.00**

**Date: Regina – Sept 5-Dec 16/11 (continuous registration)**

**CRN: 02-877 (must register one week prior to start date)**

**Date: Saskatoon – Sept 5-Dec 16/11 (continuous registration)**

**CRN: 02-878 (must register one week prior to start date)**

**Paramedic Skills and Concepts: Classroom Studies  
(EMER1632)  
(2.5 CME points per 1 hour)**

Participants can register to attend SCoP approved lecture based presentations at any of the 3 SIAST EMS programs. Participants join an active EMS class for the day. SIAST has selected appropriate presentations that align to the national occupational competencies for each practitioner level. This CME learning option is available at the Wascana and Kelsey campuses or at any distance or Regional College delivery site that SIAST is offering EMS programming. The distance and Regional College programs would provide access to CME approved courses for the rural or northern SCoP member. If you are interested in this low cost CME credit option please contact the SIAST Wascana Campus Continuing Education Department at 306-775-7474. Each participant will receive an attendance certificate recording the number of hours attended. This CME activity is available throughout the standard SIAST academic year.

**Note: The learning activities are entirely lecture-based. The participant will not have an opportunity to practice skills or scenarios.**

**Tuition: \$50.00**

**Date: Regina - Sept 5-Dec 16, 2011 (continuous registration)**

**CRN: 02-875 (must register one week prior to start date)**

**Date: Saskatoon-Sept 5-Dec 16, 2011 (continuous registration)**

**CRN: 02-876 (must register one week prior to start date)**
