

## Executive Director Appointed

News Release -- October 22, 2010

The Saskatchewan College of Paramedics is very pleased to welcome Sheri Hupp, LLB into the position of Executive Director effective November 15, 2010. Hupp is the successor to Lily Stonehouse, MEd who served as the inaugural Executive Director from 2008-2010.

Hupp has spent the last 9 years working in the Saskatchewan Crowns at Information Services Corporation. During her years at ISC, Hupp worked in Registry Services, Business Services and Property Registries and gained extensive experience in working with multiple stakeholders, leading strategy and policy and providing legal expertise. The College is especially pleased with Hupp's experience as a Registrar of Personal Property Security and Vital Statistics which will lend itself well to managing the College's registry. Previous to ISC, Hupp worked at a number of smaller private law firms in Regina.

As the newest Executive Director, Hupp would like to see the College become a role model for self-regulated organizations and earn responsibility for scope of practice from the Ministry of Health under her watch. Familiar with self-regulating professions from her legal background, Hupp is excited to continue leading the College through this evolution.

Hupp is a University of Saskatchewan alumna with a Bachelor of Arts Honors and a Bachelor of Laws.

Hupp and her husband, a mechanical engineer, make their home in Regina. Together, the two of them do quite a bit of travelling and have an avid love of music and concerts.
