

## Career Opportunity

### (4) Primary Care Paramedics

Advanced Safety Services is a Saskatchewan based company dedicated to providing quality medical and safety services to clients in mining and oil / gas sectors. We are currently seeking four PCP's to join our team immediately for new long term projects in Saskatchewan. We provide excellent working conditions and a fixed work schedule. These positions are for long standing clients who are currently expanding their operations.

Some qualities we are looking for:

- Currently registered with the SK college of Paramedics or capable of obtaining registration
- Strong interpersonal and client relation skills
- Previous industrial and or medical experience
- Willing to work in a challenging environment

Wages will vary depending on project location. All interested applicants can forward a resume along with all relevant certificates to [careers@advsecurity.ca](mailto:careers@advsecurity.ca)

Thanks for applying, only candidates selected for an interview will be contacted.
