RCM Safety Services is an industrial based paramedical company committed to providing superior health and safety solutions to various industries and settings.

RCM Safety is currently accepting applications for full time and casual EMR & PCP's for current and upcoming projects.

Preference will be given to individuals with previous experience in the emergency and/or industrial field. Candidates must possess a strong work ethic, be self-motivated, able to work individually or with a team and represent RCM Safety in a positive and professional manner at all times.

Other Qualifications Considered Assets (But not necessarily required):

- H2S Alive
- TDG
- WHMIS 2015
- PST/CSTS
- Valid Class 4 Drivers License
- Licensure with Saskatchewan College of Paramedics (SCoP)
- Licensure with Alberta College of Paramedics (ACoP)
- Detection and Control of Flammable and Toxic Atmospheres

Current registration with SCoP and related certifications required.

Resumes, tickets and inquiries can be directed to rcmsafety@ Sasktel.net

We thank all applicants for their interest; however only those selected for interview will be contacted.
